UPDATES

Upcoming ILPMP Advisory Committee Meeting Scheduled for March 24, 2026

ILPMP Advisory Committee will meet on Tuesday, March 24, 2026, from 12:00 to 1:30pm CST. The meeting will bring together committee members, stakeholders, and partners to review program updates and to discuss future initiatives.

The full agenda and Webex meeting link can be found at the ILPMP Advisory Committee webpage, [Advisory Committee](#), the week of March 23rd.

ILPMP Welcomes New Advisory Committee Member

Dr. Wamaitha Sullivan is a doctoral prepared nurse practitioner and a nurse with 30 years of experience. She loves and enjoys community work and teaching. Her caring philosophy is rooted in compassion, inclusivity, and the belief that education, health care, and wellness are powerful tools for both personal and

societal transformation. Dr. Sullivan is currently employed at Community Health Partnership of Illinois.

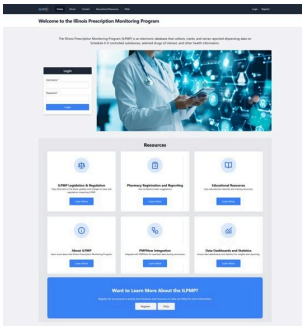

We are thrilled to welcome her to the ILPMP Advisory Committee and look forward to the valuable insights and expertise she will bring to our work.

ILPMP New Website Now Available to All Users

The ILPMP is pleased to announce that its new website is now available to all users as part of the expanded Early Access Program.

Existing users may login using their current credentials at prod.ilpmp.org. No additional registration is required.

For additional information, please review the FAQs available on the website or submit questions through the [Contact Us](#) form.

Every Day is Take Back Day

Dispose of unneeded medication

Nearly 17,000 locations nationwide

- Clean them out.
- Take them back.
- All year long.

DEA NATIONAL TAKEBACK

A grey medication takeback bin with a black slot on top. The words "DROP HERE" are printed on the side of the bin. Several orange and white pill bottles are shown falling into the slot.

Attention Illinois retail pharmacies and dispensing practitioners

ILPMP is announcing the release of the ***Error and Warning Corrections and Voiding Prescriptions*** educational video and tip sheet.

All data submitters, pharmacists, and dispensing practitioners are highly encouraged to engage with this content where the ILPMP's Pharmacy Compliance team review frequently asked questions about error and warning corrections and voiding prescriptions.

ILPMP YouTube: <https://www.youtube.com/@ILPMP>

Video: [Error and Warning Corrections and Voiding Prescriptions](#)

Tip Sheet: [Error and Warning Corrections and Voiding Prescriptions Tip Sheet](#)

In future Pharmacy Compliance Education series videos and tip sheets, you can expect to review the Waiver Process, Organization Management, Long Term Care Pharmacy, Pharmacy Compliance Changes, and Compound Drugs.

Please contact the Pharmacy Compliance Team at DHS.DBHR.PharmacyCompliance@Illinois.gov with any questions.

The Importance of PMP Data Integrity

Target Audience: Pharmacists, Pharmacy Technicians, Dispensing Practitioners, and any other Data Submitters

Cost: FREE

Free ACPE accredited educational opportunity providing 1 hour of continuing education for pharmacists and pharmacy technicians. This program, developed in partnership with NASCSA and 12 prescription monitoring program (PMP) administrators, analyzes the importance and value of complete, accurate data reported by dispensers to PMPs and assesses the impact of intentional or non-intentional data entry errors and data omissions on patient safety. It also discusses the downstream impacts of pharmacy-reported PMP data on clinical decision-making processes and helps pharmacy staff identify and implement changes that can be made in their practice setting to improve PMP data integrity. **If you received credit for this CE prior to 10/20/25, this CE opportunity is available to you again to participate in and receive credit.**

The Illinois Prescription Monitoring Program (ILPMP) is an electronic database that collects, tracks, and stores reported dispensing data on Schedule II-V controlled substances, selected drugs of interest, and other health information. The Illinois Department of Human Services oversees the ILPMP, authorized by the Illinois Controlled Substances Act (720 ILCS 570/316). The ILPMP adheres to HIPAA and all access, disclosure, and confidentiality provisions of Illinois Law.
